Under the title of "One Little Day," Herbert Gribble, the local pianist, and Jack O'Connor have combined their talents in a ballad song. It will be sung this evening, for the first time, by Miss Flo Collins, the popular actress, at the Orpheum.

Gribble's ability on the piano has attracted no end of attention and his co-worker, in the preparing of the offering, Jack O'Connor, has attained considerable popularity through his "Walt Mason's" and other lyrics which have appeared in the Review from time to time.

Those who have heard the ballad are high in their praise of the effort and with it rendition in the capable hands of Miss Collins. "One Little Day" promises much for both the audience and the writers.

TWO WOMEN AND ONE MAN KILLED

(Continued from Page 1)

by seven troopers who had arrived there from Hachita, N. M., in response to the alarm given when the three bodies had been found.

The five civilians passed a sleepless night, sitting in the car while the soldiers crouched around them in the pouring rain on guard. Peals of thunder and intermittent flashes of lightning increased the apprehension of the women.

The soldiers told them that the bodies of two women and a man had been found in an automobile near the ranch, but they did not know what disposition had been made of them. After daylight, they were allowed to proceed toward Hachita. They did not stop there to make inquiry about the affair.

CITY LABORATORY TO MAINTAIN HIGH SANITARY STANDARD

Council Endorses Bacteriological Laboratory, Sharing Expense with County; Dr. Herendeen Enthusiastic.

(By Review Leased Wire.)

That Bisbee will have a municipal bacteriological laboratory in the near future was practically assured by action taken yesterday, by the City Council which went on record as favoring the establishment of such an institution, under a proposed plan to divide with the county the expenses of establishing and maintaining such a laboratory. The matter was tabled to await official co-operation of the County Assessors who are said to have, unofficially, expressed their willingness to concur in such action.

Dr. Ralph Herendeen, city physician, appeared in an explanation of the need for a bacteriological laboratory. Dr. Herendeen stated that such laboratories were maintained in practically every city of the United States. He argued the necessity of such a laboratory for the purposes of maintaining the proper standard of public health conditions, especially as affected by sanitary food supplies.

In discussing the council's action on the municipal laboratory which is regarded almost as a reality, Dr. Herendeen took occasion to compliment the city officials on their keen insight into conditions resulting in their prompt action in meeting the county authorities half way, thereby indicating that they are actuated by motives of unselfish public interest.

"Such a bacteriological laboratory will mean better and purer milk for the Warren District," concluded Dr. Herendeen. "It will mean that milk dealers can be forced to maintain a standard of milk in keeping with the dictations of sanitary rules. Therefore, in the final analysis, it will prove a tremendous boon to the public health."

F. E. Thomas and J. Leo Gannon were appointed additional registrars in connection with the coming elections. A committee was appointed to consider the matter of municipal cooperation in the featuring of local scenes in the movies under the direction of C. W. Felt. City Attorney Flannan and City Engineer Ziesemer were appointed a committee to look up titles in connection with the paving of Brewery Gulch.

KILLER OF SHERIFF CAPTURED BY POSSE

(By Review Leased Wire.)

MUSKOGEE, Okla., March 24.—Paul V. Hadley, and his young bride of Kansas City, Mo., accused of killing Sheriff Jake Giles of Beaumont, Missouri, were captured late today a few miles from Checotah, when a posse surrounded a farm house in which the couple had hid.

Hadley and his wife were being taken to Beaumont from Kansas City. Hadley is wanted in Beaumont on charges of theft, assault and murder. Sheriff Giles did not handcuff his prisoners and they travelled as three companions. As the train neared Checotah, Sheriff Giles fell to the car floor, dying from a bullet wound in the head. The man and woman with pistols in their hands, then held up the conductor making him stop the train. The couple leaped to the ground and escaped.

YUAN ANNOUNCES HIS CHANGE IN POLICY

(By Review Leased Wire.)

WASHINGTON, March 24.—President Yuan Shih Kai's mandate regarding his acceptance of the throne of China and declaring China's return to Republican government was made public in part tonight by the Chinese legation.

In the mandate Yuan says he consented to proposals for a monarchy after "irresistible" insistence by a convention of popular representatives feeling that the acceptance of the throne would violate the confidence placed in him as president of the republic he has refused to put the monarchy program actually into effect.

For his failure to oppose the monarchical movement more vigorously, however, he takes upon himself the blame for "all the faults of the country and calls upon all Chinese to unite in saving a nation on which other nations 'is rushing to perdition.'"
